MediLocker

Fast. Secure.
Touchless. Rx Pickup.

Product Overview

MediLocker™ is a secure, touchless locker system that transforms prescription pickup into a faster, more efficient experience—right inside your pharmacy.

Key Features

Secure-to-Light™ Technology
Real-time LED-guided loading ensures fast, accurate loading

Mobile-First, Touchless Pickup
Customers unlock lockers using their mobile phones—no screens, keypads, or shared surfaces

Seamless Integration
Connects directly with your existing pharmacy system

Two-Way System Authentication
Confirms every handoff through synchronized locker and pharmacy system validation

Custom Branded
Locker exterior and LED lights can be tailored for your unique brand identity

Chain of Custody & Audit Trails
Detailed records and reports on all activities

Modular Design
Customizable configuration and locker size with modular design for maximum scalability across pharmacy layouts
